About our huts

We offer our huts in three different standard designs and sizes:

- Rustic style with repeatedly flamed and glazed larch wood paneling
- Scandinavian style
- Half-timbered style

All huts can be customized individually in terms of depths, widths and coloring. We also offer a wide range of extras from which our customers can choose to configure their perfect huts. To meet your demands, we offer, among others, the following options:

- Side flaps
- Different roof styles and designs (e.g. shingle roof)
- Walkable designs
- Windows and window shutters and/or glazing bars

To put it in a nutshell: We realize even the most creative ideas of our customers!
